

TERMS OF USE

WorldAPP will provide online survey hosting and other survey services to you, our Customer, under the following terms:

You acknowledge that WorldAPP does not regulate and is not responsible for the content of information, files, images, or other communication transmitted to or by Key Survey.

You, the Customer, warrant that you have all rights necessary lawfully to submit all information and materials that you upload to Key Survey, including, but not limited to, all intellectual property rights.

You, the Customer, agree not to publish or transmit any unlawful, harmful, threatening, abusive, harassing, defamatory, or racially or ethnically derogatory content, or any content expressing hate toward any person or group of persons due to race, religion, color, creed, national origin or sexual orientation.

You, the Customer, agree to indemnify, defend, and hold WorldAPP harmless from and against all actions brought by a third party as a result of the publication or transmission of such material or information as described above or as a result of your use in any way of the services provided by WorldAPP.

Zero Spam and Offensive Content

Supplier has a zero-tolerance policy against e-mail 'spamming'. As a condition of using the Subscribed Services, Customer agrees to make commercially reasonable efforts to ensure that any email messages Customer sends using the Subscribed Services abide to requirements of CAN-SPAM act and other applicable laws. Supplier reserves the right to monitor Customer's usage of the Subscribed Services and suspend Customer's access to the Subscribed Services if Supplier judges Customer's usage to be "spamming" or otherwise offensive.

Unusual Transaction Policy

Customer understands that there is a "heavy launch" algorithm used within the Supplier's application used to identify large e-mail distribution launches that could potentially affect system performance. This algorithm calculates amount of complex logic, number of questions, number of recipients, etc. If the survey has potential for causing system slowdowns, the "heavy launch" will be triggered and this will require WorldAPP support intervention. Supplier's support team will assist with the launch of the survey within 24-48 hours of this request, typically during non-business hours to ensure there are no issues with the system.

Termination

If, at any time, we, WorldAPP, believe that you are in breach of any of the terms and conditions contained in this agreement, WorldAPP may immediately terminate its obligations under this agreement without liability to you, the Customer.

No Warranties

WorldAPP makes no warranties of any kind, expressed or implied, for the services to be provided hereunder.

Trial Account

Trial account is accessible during the period of thirty (30) days starting on the date of registration.

Trial account users have twenty (20) credits and fifty (50) e-mail survey invitations. One (1) credit equals one (1) completed and submitted survey.

Trial account users are not limited to the number of surveys (active or inactive) and may have up to 200 questions in a survey. If the surveys of a trial user receive more than twenty (20) respondents, the trial user will be able to see only the first twenty (20), as he will have only twenty (20) credits. All of the other responses will become available when the trial account is upgraded to one of the paid subscription plans.

You, the Customer, agree that WorldAPP shall not be liable to you for any losses or damages of any kind, including, but not limited to, those that may result from service interruptions, delays, non-deliveries, or mis-deliveries. Additionally, WorldAPP makes no warranties regarding its ability to recover, and shall not be liable to you for, lost data, lost files, or other information, regardless of how or why data is lost.

WorldAPP specifically informs you that the following information in your account cannot be restored:

- if removed/deleted: survey questions, answer options from survey questions, inserted report items (crosstabs, statistics, filters, etc.); survey, report, individual responses, and list of incompletes.
- if changed/edited: survey layout design, survey logo, other survey settings (logic, alerts, questions order, etc.).

Billing Policies

WorldAPP will send service invoices to you, the Customer, in advance of your receipt of services. You agree to submit payment in whichever currency has been agreed in the amount specified in each invoice upon receipt. Accounts thirty (30) days past due are subject to suspension or termination and a service resumption fee. Cancellation of an account will result in deletion of all of your files, including e-mail. You further agree that submission of credit card information to WorldAPP shall constitute your authorization to bill the specified credit card for all fees that you owe or will owe to WorldAPP.

Late Fee Penalty: Key Survey will apply a late fee charge per month of 1.5%, or the most permitted by law, whichever is greater, on each past due balance not paid within thirty (30) days of the date shown on each invoice.

Litigation and Attorney's Fees

In the event that any dispute arises out of or relating to this agreement, such dispute shall be resolved in a court of competent jurisdiction located in Delaware, USA, under Delaware law, and the prevailing party in any such dispute shall be entitled to reasonable costs, including collection costs and attorney's fees.

Entire Agreement and Severability

This represents the complete agreement and understanding between WorldAPP and you, the Customer, with respect to the subject matter herein. In the event that any term or provision of this agreement is held by a court to be unenforceable, the remaining provisions shall remain in full force and effect.

Legal Notices

Under California Civil Code Section 1789.3, you are entitled to the following specific consumer rights information:

(a) Contact Information

You can contact us at:

WorldAPP Inc. 161 Forbes Road, Braintree, MA, 02184,
or by phone at **(888) 708-8118** (Toll Free).
